19:30 – 23:00	<b>Welcome Reception</b>			

## Day 2:

# Monday 1st October 2018

07:15 – 08:15

●

**Primary Care Committee Meeting**

07:15 – 08:00

● ● ● ● ●

**Meet the Expert**  
Aerobiology - airborne pollen and fungal spores

● ● ●

**Meet the Expert**  
Investigating GA anaphylaxis

● ● ● ● ● ● ●

**BSACI AGM**

08:15 – 09:15

**Company Symposium - ALK**

09:20 – 10:45

● ● ● ●

**The exposome, modern living and allergic disease**  
The exposome and microbiome in allergic disease  
How does the microbiome of the skin influence allergic disease?  
Asthma and respiratory microbiome instability: chicken or egg?

● ● ● ●

**Biological therapies in asthma and allergic disease**  
Asthma  
Chronic rhino sinusitis  
Skin

● ● ● ● ●

**Joint BSACI – BSCA session**  
Patch testing: when and what to do?  
Patch testing and in vitro tests for drug allergy  
Plant dermatoses

● ●

**Innovation to provide patient-driven services**  
Involvement of patients in their referral and providing a virtual service  
Self-help for patients and families  
Supporting the child with food allergy-related feeding difficulties and their family

10:45 – 11:25

**Tea/Coffee Break and Poster Viewing**

11:00 – 11:25

**Special Lecture - Allergy, the unmet need 2018: engaging with NHS England**

11:30 – 12:45

● ● ●

**Paediatric clinical grand round**

● ● ●

**Adult clinical grand round**

● ● ● ● ●

**Basic mechanisms in allergic disease**  
Anti-IgE: what does it really do in asthma?  
Innate lymphoid cells and their role in allergic disease  
Genetics and atopic disease

● ●

**Approaches to challenging clinical problems**  
Home introduction for milk and egg allergy  
Drug challenges  
How and when to conduct single and double-blind challenges  
Supervised feeds vs challenges

12:45 – 15:00

● ● ● ● ●

**Practical Allergy Workshops**  
Food challenges  
Drug challenges  
Eczema management  
Device administration  
New weaning guidelines  
Selective nut introduction  
Use of ladders for home introduction  
Apps to support practice

12:45 – 14:00

**Lunch & exhibition**

13:00 – 14:00

**Company Symposium - Nutricia**

13:45 – 15:00

**Poster presentations & judging**

15:00 – 16:30

● ● ● ● ●

**Year in review: joint SOCC-CEA session**  
Adult food allergy  
Paediatric food allergy  
Asthma

● ● ● ● ● ●

**Update on allergen and environmental exposures**  
The indoor environment and childhood asthma  
Dirty air, dirty airways: developmental aspects of environmental pollution  
Effects of pet allergen exposure on the development of allergic disease

16:30 – 17:00

**Tea/Coffee Break and Poster Viewing**

16:30 – 17:00

● ● ● ● ●

**Speaker's corner**  
Managing risk in peanut allergy

17:00 – 18:00

● ●

**Oral abstract presentations: Paediatric Clinical**

● ●

**Oral abstract presentations: Adult Clinical**

● ●

**Oral abstract presentations: Basic Science**

● ●

**Oral abstract presentations: Allied Health/ Primary Care**

18:15 – 19:15

**Company Symposium**

20:00 – 23:00

**Evening Social Event**

## Day 3:

# Tuesday 2nd October 2018

07:30 – 08:30	<span style="color: purple;">●</span> <span style="color: blue;">●</span> <span style="color: orange;">●</span> <b>Paediatric Allergy Open Group Meeting</b>	<span style="color: pink;">●</span> <span style="color: darkblue;">●</span> <b>Adult Allergy Open Group Meeting</b>
08:45 – 09:45	<b>Company Symposium - Abbott</b>	
10:00 – 11:30	<span style="color: purple;">●</span> <span style="color: pink;">●</span> <span style="color: blue;">●</span> <span style="color: olive;">●</span> <span style="color: orange;">●</span> <span style="color: red;">●</span> <b>Joint BSACI-BAD session: atopic eczema</b> Extending the filaggrin phenotype The interplay between atopic dermatitis and contact dermatitis Non-invasive biomarkers in atopic dermatitis  	<span style="color: purple;">●</span> <span style="color: pink;">●</span> <span style="color: blue;">●</span> <span style="color: olive;">●</span> <span style="color: orange;">●</span> <span style="color: red;">●</span> <b>Update on drug allergy</b> Drug hypersensitivity phenotypes and testing Hidden drug allergens Pro-Con debate: "It is safe and expedient to proceed directly to oral challenge in most cases of penicillin allergy"
11:30 – 12:00	<b>Tea/Coffee Break and Poster Viewing</b>	
12:00 – 13:30	<span style="color: purple;">●</span> <span style="color: pink;">●</span> <span style="color: blue;">●</span> <span style="color: olive;">●</span> <span style="color: darkblue;">●</span> <span style="color: orange;">●</span> <span style="color: red;">●</span> <b>Celebrating Excellence In Allergy Care And Research</b>	
13:30	<b>Meeting Closes. Grab &amp; go lunches available</b>
