

bsaci annual conference 2020

Programme

1st October - 2nd October 2020 Digital Conference

Day I: Thursday 1st October 2020

09.00 – 10.30

President's Plenary Session: Allergy and airway management across the lifecourse

Chair: Professor Adam Fox, London & Lucy Common, Salford

Welcome

Professor Adam Fox, London

Implementing national programmes for improving allergy care

Professor Mika Makela, Finland

Overcoming challenges in treating asthmatic and allergic patients

Dr Anna Murphy, Leicester

Novel indications for immunotherapy

Professor Stephen Durham, London

10.30 – 11.00

Interactive Exhibition and Poster Viewing

10.30 – 11.00

Speaker's Corner Session

Chair: Professor Adam Fox, London

Meeting the Challenges of the National Allergy Crisis

Mr Jon Cruddas, MP, London

11.00 – 12.30

Allergic skin disease

Chairs: TBC

Breaking treatment strategies for urticaria and eczema

Speaker to be confirmed

How safe are topical corticosteroids used in atopic eczema? An overview of systematic reviews

Dr Joanne Chalmers, Nottingham

Developmental origins of infantile atopic eczema

Dr Sarah El-Heis, Southampton

Optimising respiratory capacity for patients

Chairs: TBC

RCP NACAP programme national review of asthma admissions

Dr James Calvert, Bristol

Running a difficult asthma clinic for children

Dr Atul Gupta, London

Which biologic therapies for allergic airways disease?

Dr Runa Ali, London

Oral abstract presentations

Adult Clinical, Allied Health

Chairs: TBC

O.01 Effectiveness of nurse led new patient allergy clinic

Amryn Bhamani

O.02 Compliance with NAP6 recommendations for investigation of general anaesthetic allergy in a nurse led small centre setting

Huw Jenkins

O.03 Anaphylaxis in Emergency Department Unit: Before and during COVID-19

Leyla Pur Ozyigit

Oral abstract presentations

Paediatric Clinical, Primary Care

Chairs: TBC

O.10 Covid-19: Allergen-free shopping during a pandemic

Farhana Ahad

O.11 Paediatric allergy transition clinics: a service evaluation

Morium Akthar

O.12 Food Protein Induced Enterocolitis Syndrome is under recognised by Paediatricians in the UK and Republic of Ireland

Gary Stiefel

Day I is continued on page 2

Day I:

Thursday 1st October 2020 **Continued**

11.00 – 12.30

O.04 Dupilumab efficacy in type 2 inflammatory asthma: LIBERTY ASTHMA QUEST study
Ian D. Pavord

O.05 Mapping outcomes of supervised open food challenges to a clinical risk stratification model in a specialist UK regional allergy service
Kavitha Sooriyakumar

O.06 Evaluation of a pilot dietetic-led 'invest-to-save' rapid access cows' milk allergy service
Lynn Fitzpatrick

O.07 Preventing peanut allergy in East London - Audit of early peanut introduction amongst high risk infants at The Royal London Hospital
Rosalynd Estelle Gourgey

O.08 Validation of blinded recipes in children for use in double-blind placebo-controlled food challenges with egg, peanut and milk
Viktorija Kaminskaite

O.09 Coping strategies of parents of children with food allergy are more adaptive than parents of children with no long-term conditions: a multi-national study
Rebecca Knibb

O.13 The rise of telemedicine in a tertiary paediatric allergy service – how often and for which patients?
Hazel Collis

O.14 Penicillin-based antibiotic provocation tests – is there scope to switch to single-dose challenge?
Boaz Gaventa

O.15 South Asian mothers' views and experiences of accessing paediatric allergy services in Sheffield for their babies and/or young children
Nicola Jay

O.16 UK Paediatric Allergy Services Survey - Results
Rosy Wells

O.17 A Model of Seamless Allergy Care
Louise J Michaelis

O.18 Audit on management of allergic rhinitis in asthmatic children in primary care
Rachel Lee

12.30 – 14.00

Lunch Break, Interactive Exhibition, Practical Workshops & Poster Viewing

12.30 – 13.15

Practical Workshops

Modified skin prick testing
Crystal Johns & Clare Jackson, London

Which milk substitute?
Justine Dempsey, London

Intra dermal testing
Katherine Knight & Ferdinand Morales, London

Day I:

Thursday 1st October 2020 **Continued**

13.15 – 14.00

Practical Workshops

Asthma triggers

Rebecca Batt & Bethan Almeida, London

Taking a drug allergy history

Dr Kathleen Sim & Dr Erika Harnik, London

Useful apps

Kelly Parker, Harlow & Hannah Kramer, London

13.00 – 14.00

Thermo Fisher Company Symposium

14.00 – 15.30

Joint BSACI-BSCA session

Chair: Dr Deirdre Buckley, Bath

Patch testing in atopics

Dr Graham Johnston, Leicester

Clinical cases – an interactive session

Dr Jason Williams, Salford

Immediate and delayed allergens affecting the lips and mouth

Dr Sarah Wakelin, London

BRITISH SOCIETY FOR CUTANEOUS ALLERGY

Debates in allergy

Chairs: TBC

Revising the role of adrenaline in anaphylaxis

Dr Paul Turner, London

What may milk allergy guidelines recommend in future?

Dr David Luyt, Leicester

A national perspective on improving FPIES management

Dr Gary Stiefel, Leicester

Respiratory disease

Chairs: TBC

Asthma; another 'disease of the epithelium'?

Professor Clare Lloyd, London

The wider implications of pollen allergy

Professor Domingo Barber, Spain

Allergen management in asthmatic children

Dr Clare Murray, Manchester

Difficult conversations

Chairs: TBC

Are you telling me there is no food allergy?

Deborah Hughes, Crewe

The steroid creams do not work anyway...

Rachel Griffin, London

Why can't I just try a little bit every day to teach my immune system?

Dr Nandinee Patel, London

15.30 – 16.00

Interactive Exhibition and Poster Viewing

16.00 – 17.30

Celebrating Excellence In Allergy Care And Research

Chair: Professor Adam Fox, London

Jack Pepys Lecture

Dr Glenis Scadding, London

Harry Morrow Brown Lecture

Dr Michael Perkin, London

Barry Kay Awards

William Frankland Award

17.30 – 18.30

Novartis Company Symposium

18.30 – 19.30

Independent Meetings

Nurses' Committee Meeting

Primary Care Group Meeting

Paediatric Allergy Group Meeting

Adult Allergy Group Meeting

Dietitians' Meeting

Trainees' Meeting

Day 2:

Friday 2nd October 2020

08.00 – 09.00

BSACI AGM

SOCC joint session

Chairs: Dr Andrew Clark, Cambridge & Dr Nicola Brathwaite, London

Egg allergy; optimising patient care

Dr Susan Leech, London

Creating top quality evidence based guidance; lessons from the BTS asthma group

Dr Simon Hart, Hull

When can we develop a guideline for food immunotherapy?

Dr Marta Vazquez-Ortiz, London

After anaphylaxis

Chairs: Kelly Parker, Harlow & Hannah Kramer, London

Pitfalls in anaphylaxis

Dr Glenis Scadding, London

How to minimise teenagers' risks

Dr Bettina Duca, London

How reliable is skin prick testing?

Dr Constantinos Kotsapas, London

10.30 – 11.00

Interactive Exhibition and Poster Viewing

11.00 – 12.30

Overcoming Inequalities

Chair: Dr Sophie Farooque, London and Dr Nandinee Patel, London

Racism in medicine

Dr Zainab Abdurrahman, Canada

The Skin Deep Website Project

Speaker Dr Shaarna Shanmugavadeivel, Nottingham

What can we do differently?

Dr Habib Naqvi, NHS England

Adverse drug reactions

Chairs: TBC

Hidden intraoperative drug allergens

Dr Lene-Heise-Garvey, Denmark

Optimising the recording of adverse drug reactions

Dr Louise Savic, Leeds

Solving challenges in suspected paediatric drug reactions

Dr Nicola Brathwaite, London

Leading roles for allergy care networks

Chair: Rachel Griffin, London

Embedding a regional pathway for allergy care in practice

Professor John Warner, London

A health economics approach to allergic disease

Dr Lavanya Diwakar, Stoke on Trent

A patient perspective on future priorities

Lynne Regent, Anaphylaxis Campaign

AHP led services

Chairs: Lucy Common, Salford & Deborah Hughes, Crewe

Dietic-led clinics for reintroduction and desensitisation of milk in IgE cow's milk allergy

Heidi Ball, Leicester

Getting food introduction right – the occupational therapist's view

Anne-Marie Sims, London

Patient assessment tools and education in the CNS Rhinitis Clinic

Janette Bartle, Ipswich

Community dietitian prescribing services

Lydia Collins-Hussey, London

Aspirin desensitisation

Jill Edmonds, Manchester

12.30 – 13.30

Sanofi Company Symposium

12.30 – 13.30

Lunch Break, Interactive Exhibition & Poster Viewing

Day 2:

Friday 2nd October 2020 Continued

13.30 – 15.00

Plenary & Joint CEA session: Year in review

Chair: Dr Robert Boyle, London

Year in review: drug allergy

Dr Chris Rutkowski, London

Year in review: eczema

Dr Susannah Baron, London

A year of changing food allergy practice

Dr Michael Perkin, London

15.00

Close of Meeting
