Mr Jon Cruddas, MP, London

11.00 – 12.30

#### Allergic skin disease

Chair: Dr Susannah Baron, London

##### How safe are topical corticosteroids used in atopic eczema? An overview of systematic reviews

Dr Joanne Chalmers, Nottingham

##### Developmental origins of infantile atopic eczema

Dr Sarah El-Heis, Southampton

##### Novel treatment for urticaria

Dr Clive Grattan, London

#### Optimising respiratory capacity for patients

Chair: Professor Graham Roberts, Southampton

##### RCP NACAP programme national review of asthma admissions

Dr James Calvert, Bristol

##### Running a difficult asthma clinic for children

Dr Atul Gupta, London

##### Which biologic therapies for allergic airways disease?

Dr Runa Ali, London

#### Oral abstract presentations

##### Adult Clinical, Allied Health

Chairs: Dr Glenis Scadding, London and Rebecca Knibb, Birmingham

##### O.01 Effectiveness of nurse led new patient allergy clinic

Amyr Bhamani

##### O.02 Compliance with NAP6 recommendations for investigation of general anaesthetic allergy in a nurse led small centre setting

Kathryn Powrie

##### O.03 Anaphylaxis in Emergency Department Unit: Before and during COVID-19

Leyla Pur Ozyigit

#### Oral abstract presentations

##### Paediatric Clinical, Primary Care

Chairs: Dr Susan Leech, London and Dr Helen Howells, Southampton

##### O.10 Covid-19: Allergen-free shopping during a pandemic

Farhana Ahad

##### O.11 Paediatric allergy transition clinics: a service evaluation

Morium Akthar

##### O.12 Food Protein Induced Enterocolitis Syndrome is under recognised by Paediatricians in the UK and Republic of Ireland

Gary Stiefel

Day I is continued on page 2

11.00 – 12.30

		<p><b>O.04 Dupilumab efficacy in type 2 inflammatory asthma: LIBERTY ASTHMA QUEST study</b> Ian D. Pavord</p> <p><b>O.05 Mapping outcomes of supervised open food challenges to a clinical risk stratification model in a specialist UK regional allergy service</b> Kavitha Sooriyakumar</p> <p><b>O.06 Evaluation of a pilot dietetic-led 'invest-to-save' rapid access cows' milk allergy service</b> Lynn Fitzpatrick</p> <p><b>O.07 Preventing peanut allergy in East London - Audit of early peanut introduction amongst high risk infants at The Royal London Hospital</b> Rosalynd Estelle Gourgey</p> <p><b>O.08 Validation of blinded recipes in children for use in double-blind placebo-controlled food challenges with egg, peanut and milk</b> Viktorija Kaminskaite</p> <p><b>O.09 Coping strategies of parents of children with food allergy are more adaptive than parents of children with no long-term conditions: a multi-national study</b> Rebecca Knibb</p>	<p><b>O.13 The rise of telemedicine in a tertiary paediatric allergy service – how often and for which patients?</b> Hazel Collis</p> <p><b>O.14 Penicillin-based antibiotic provocation tests – is there scope to switch to single-dose challenge?</b> Boaz Gaventa</p> <p><b>O.15 South Asian mothers' views and experiences of accessing paediatric allergy services in Sheffield for their babies and/or young children</b> Dr Nicola Jay</p> <p><b>O.16 UK Paediatric Allergy Services Survey - Results</b> Rosy Wells</p> <p><b>O.17 A Model of Seamless Allergy Care</b> Louise J Michaelis</p> <p><b>O.18 Audit on management of allergic rhinitis in asthmatic children in primary care</b> Rachel Lee</p>
--	--	--	---

12.30 – 14.00

**Lunch Break, Interactive Exhibition, Practical Workshops & Poster Viewing**

12.30 – 13.15

**Practical Workshops**

- Modified skin prick testing**  
Crystal Johns and Clare Jackson, London
- Which milk substitute?**  
Justine Dempsey, London
- Intra dermal testing**  
Katherine Knight, London

## Day I:

Thursday 1st October 2020 **Continued**

13.15 – 14.00

### Practical Workshops

#### Asthma triggers

Rebecca Batt and Bethan Almeida, London

#### Taking a drug allergy history

Dr Kathleen Sim and Dr Erika Harnik, London

#### Useful apps

Hannah Kramer, London

13.00 – 14.00

### ThermoFisher Satellite Symposium

14.00 – 15.30

#### Joint BSACI-BSCA session

Chair: Dr Deirdre Buckley, Bath

#### Patch testing in atopics

Dr Graham Johnston, Leicester

#### Clinical cases – an interactive session

Dr Jason Williams, Salford

#### Immediate and delayed allergens affecting the lips and mouth

Dr Sarah Wakelin, London

BRITISH SOCIETY FOR CUTANEOUS ALLERGY

#### Debates in allergy

Chair: Dr Michael Perkin, London

#### Revising the role of adrenaline in anaphylaxis

Dr Paul Turner, London

#### What may milk allergy guidelines recommend in future?

Dr David Luyt, Leicester

#### A national perspective on improving FPIES management

Dr Gary Stiefel, Leicester

#### Respiratory disease

Chair: Dr Glenis Scadding, London

#### Asthma; another 'disease of the epithelium'?

Professor Clare Lloyd, London

#### The wider implications of pollen allergy

Professor Domingo Barber, Spain

#### Allergen management in asthmatic children

Dr Clare Murray, Manchester

#### Difficult conversations

Chair: Dr Nicola Brathwaite, London

#### Are you telling me there is no food allergy?

Deborah Hughes, Crewe

#### The steroid creams do not work anyway...

Rachel Griffin, London

#### Surely just a little bit at home is ok?

Dr Nandinee Patel, London

15.30 – 16.00

### Interactive Exhibition and Poster Viewing

16.00 – 17.30

#### Celebrating Excellence In Allergy Care And Research

Chair: Professor Adam Fox, London

#### Jack Pepys Lecture

Dr Glenis Scadding, London

#### Harry Morrow Brown Lecture

Dr Michael Perkin, London

#### Barry Kay Awards

William Frankland Award

17.30 – 18.30

### Novartis Satellite Symposium

18.30 – 19.30
